nvalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF
eadache, Sick Headache, Foul Stomach.

Pittsburg, Pa., May 1, 1856.
. J. C. AYER. Sir: I have been repeatedly cured of the headache any body can have by a dose or two of your . It seems to arise from a foul stomach, which they cleanse. If they will cure others as they do me, the fact is knowing. Yours with great respect,
ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.
DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.
: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they the best cathartic we employ. Their regulating action on liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have found a case of bilious disease so obstinate that it did not yield to them. Fraternally yours,
ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.
POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 16, 1855.
AYER: Your Pills are the perfection of medicine. They done my wife more good than I can tell you. She had been and pining away for months. Went off to be doctored at expense, but got no better. She then commenced taking Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and two children of bloody dysentery. One of our neighbors had, and my wife cured him with two doses of your Pills, others around us paid from five to twenty dollars doctors' and lost much time, without being cured entirely even. Such a medicine as yours, which is actually good and , will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.
From Rev. J. V. Himes, Pastor of Advent Church, Boston.
AYER: I have used your Pills with extraordinary success family and among those I am called to visit in distress. gulate the organs of digestion and purify the blood they very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING Co., N. Y., Oct. 24, 1855.
Sir: I am using your Cathartic Pills in my practice, and them an excellent purgative to cleanse the system and purify the fountains of the blood.
JOHN G. MEACHAM, M. D.

ipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.
From a Forwarding Merchant of St. Louis, Feb. 4, 1856.
AYER: Your Pills are the paragon of all that is great in . They have cured my little daughter of ulcerous sores her hands and feet that had proved incurable for years. that has been long grievously afflicted with blotches and on her skin and in her hair. After our child was cured, tried your Pills, and they have cured her.
ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.
From the Rev. Dr. Hawkes, of the Methodist Epis. Church.
PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.
: I should be ungrateful for the relief your skill brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, ended in chronic rheumatism. Notwithstanding I had physicians, the disease grew worse and worse, until, by advice of your excellent agent in Baltimore, Dr. Mackenzie, your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.
: I have been entirely cured by your Pills of Rheumatism — a painful disease that had afflicted me for years.
VINCENT SLIDELL.

No flag but the Old Flag—the Red, White and Blue!
With the stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave,
Whose blood bought the banner your valor must save.

FRIDAY MORNING, JUNE 26, 1863.

Party above Patriotism.

The nearly unanimous action of the Democratic Convention in Ohio, in nominating an avowed sympathizer with rebellion and treason, as its candidate for Governor,—the cordial approval of that action by the Democratic press, and the political manifesto of Governor Seymour which we published last week,—all these show that the Democratic party desires to adopt Vallandigham as its patron saint, and to make his doctrines its creed of faith and practice. It has thus made a distinct and bold issue, in regard to which there need hereafter to be no misunderstanding. The supporters of the Democratic party, as now organized, and presenting issues to the people of the loyal States, admit that they justify and endorse a traitor,—a well-wisher to the schemes of Jeff. Davis and his fellow conspirators, and they ask support because such is their position. True, it has long been suspected and feared that the leaders entertained such views, and were only waiting for the opportunity to make public avowal of them, when they supposed the masses, deceived by old political watch-words, would be willing to tolerate bold treason. Present indications show that it is now presumed to be safe to throw off all disguise, and under the banner of Vallandigham, to offer battle to the friends of the Union. There is now no need of self-deception. Every man who puts himself on the Democratic side, is a follower of the Ohio demagogue—no more, no less—there can be no mistake; he cannot be a democrat and support the organization of the party, without being justly ranked with the leaders, who bitterly and unflinchingly denounce the Union and all efforts made to save it from disruption and ruin. Even the New York *Herald*, a paper which has no conscience, save when its interest or its fears make one necessary, cannot approve Gov. Seymour's letter, but says it shows "that he has not yet been able to rise above the partisan and take a statesmanlike view of public questions. The position that Seymour now holds, as the Governor of this the most important State of the Union, is not that of a partisan who sees only his party and bases his public acts on the welfare of that party, in times like the present especially.—The role for the Governor of the State of New York to perform, is that of a statesman, a man placing himself above the politician, viewing and considering all public questions in reference to the welfare of the country, and then acting boldly and fearlessly. The principle laid down in his letter is the correct and true doctrine, but unfortunately his mode of handling the question has left him so open to criticism that such Republican journals as the *Post* and *Tribune*, that denounce the violation of that doctrine, very justly criticise the letter of Seymour as a partisan affair. The Governor has higher and greater duties to perform than those of a politician."

UPSET AND DROWNED.—A Mr. Barry, about 50 years old, was upset and drowned, while crossing in a skiff-boat from Bruceport to Oysterville, W. T., on Wednesday, June 17, 1863. The boat was afterwards picked up ashore, but the body had not been found at last accounts. Mr. Barry was formerly from Chicago,—moved down to Shoalwater Bay from Portland some two years ago, and leaves a wife and three or four children at Bruceport, so we are informed.

FROM CANYON CITY.—Rundell & Jones's Express messenger, says the *Mountaineer* of 25th, got in yesterday, with dates from Canyon City to the 22d inst. He brings nothing of special importance. Great excitement prevailed relative to the newly discovered mines on the Owyhee, and large numbers were preparing to start for that district.

THE BEST USE FOR GREENBACKS.—"Greenbacks" need no longer go begging in this community, subject to that scorn with which a plentitude of bullion always brings upon paper. Assistant Treasurer Cheesman yesterday received a telegram from Secretary Chase ordering him to receive United States notes when offered, for subscriptions to 6 per cent. 5 20 years' bonds, at par. Certificates in duplicate will be issued with bonds bought, and interest on bonds will commence with the day of deposit. That the happy possessor of legal tender notes should consent to sell them at a large depreciation when such an excellent opportunity offers for their investment and at a par value, is impossible. An opportunity here is offered the greenback capitalist to contribute to the pecuniary resources of the nation and further his own financial interests at the same time. The interest on the bonds is paid in gold.—*Alta.*

ANOTHER STAR FOR THE FLAG.—To-day, June 19th, in accordance with the act of Congress and the proclamation of the President, West Virginia takes her place as one of the United States. The new star is surrounded by threatening clouds. The soil of the State is threatened with invasion. It is believed that it is a portion of the rebel programme to occupy certain prominent points for a time at least, and make a loyal people feel the horrors of a ruthless war. But we have entire confidence that the West Virginians will come out of the fire more devoted than ever to the National power, by which they have been enabled to release themselves from the dead weight of the "Old Dominion."—*Sac. Union.*

Miscellaneous Paragraphs.

Col. Connor has concluded a treaty with the Shoshone Indians.

John W. Forney is favorably spoken of as the Union candidate for Governor of Pennsylvania.

Joshua F. Bell having declined the Union nomination for Governor of Kentucky, Thos. E. Bramlette has been substituted, and that gentleman has accepted the nomination.

Humphrey Marshall, whose adventures as a rebel commander, have been of the genuine Falstaffian sort, has lately been deposed from his command, and retires disgraced. Gen. Preston takes his place.

A new likeness of Washington, supposed to have been executed during his life-time by a French artist, has recently come to light at Salem, Mass., and is pronounced an excellent picture by Josiah Quincy, who knew the original.

It is rather damaging to the "master race" theory to remember that Pemberton, in command at Vicksburg, is a Pennsylvanian; that Franklin Gardner, who defends Port Hudson, is a native of New York, and that Sam Cooper, the rebel Adjutant General, is a Massachusetts man.

It is said that the Government makes money by coining nickel cents, now that the demand is so great. These coins are said to be really worth only thirty-five cents the hundred. There are now at least six times as many in the hands of the public as are really needed, and presently speculators and hoarders will bring on a crash.

The Contra Costa *Gazette* says: A Union man bought a horse of a secessionist recently for $100, the money, with two per cent. per month interest, to be paid when the independence of the Southern Confederacy is acknowledged by the United States Government. The gentleman is anxious to purchase more good horses on the same terms.

It is not true that Gen. Averill was relieved from command for any failure in tearing up railroad lines or burning bridges in the direction of Gordonsville. The real cause of the removal was that he failed to keep up communications with either Hooker or Stoneman, while his special business was to keep the one advised of the other's movements.

Union League.

At a meeting of the citizens of French Prairie, Marion county, held at Waconda, on Saturday, June 20th, 1863, a Union Club was formed, and the following resolutions were adopted:

Resolved, That as all former political issues are now obsolete, the attempt to divide the friends of the Union on party names, demonstrates hostility to our Government.

Resolved, That while we cheerfully guarantee to every State in the Union all power to control its local institutions, still, when any State secedes from this Government we are free from this guarantee and all rights of such rebel States and individuals are forfeited to the Government, and that every traitor has forfeited all his rights under the Constitution, except the right to be hanged.

Resolved, That while we hold inviolate the sacred right of *habeas corpus* guaranteed to every citizen in time of peace, we concede to the military authorities in time of war and rebellion the right to arrest suspicious persons and hold them until such suspicions are proved groundless, and that attempts to obstruct the prosecution of the war against the rebellion, is sufficient cause for suspicion.

Resolved, That we will support all officers of the Government in the execution of the laws until they are legally removed or the laws Constitutionally repealed.

Resolved, That the only legitimate aim and end of the present war should be the restoration of the Union of the United States.

On motion, copies of the above resolutions were ordered sent to the OREGONIAN and *Argus* for publication.

JOSEPH ENGLE, Pres't.

MASONIC CELEBRATION.—The Masonic Fraternity of Dalles City celebrated yesterday, (St. John's Day) with more than usual eclat. At three P. M., the members assembled at their Lodge Room, and after the transaction of the business for which they were assembled, marched in procession to the Congregational Church, where an able and eloquent address was delivered by Hon. Amory Holbrook. We counted in the procession thirty-eight members wearing the insignia of the Order, and these with the Dalles Brass Band at their head, presented quite an imposing appearance. The ceremonies through at the Church, the members returned in procession to the Lodge Room, where they were dismissed. The celebration was in the highest degree creditable to the Order, and served to show that the brethren of the "mystic tie," in this remote region, honor and respect the teachings of Masonry.

In the evening, the Masons, accompanied by their lady friends and invited guests, met at the Lodge Room, and spent several hours in social intercourse, and in listening to the inspiring strains of music by the Band in attendance. The entertainment included a collation, ice creams, etc., to which all present did ample justice. We have seldom spent a more pleasant evening, and the members of the Order certainly left nothing undone that was calculated to make the entertainment pass off creditably.—*Mountaineer, June 15th.*

MAN STABBED.—About three o'clock yesterday afternoon, a man named Thomas Smith, was stabbed at a house of ill-fame on Court street, and it is feared fatally injured. From the man's statement, it appears that he had been employed by the keeper of the house, Fanny Mitchell, to carry home articles of furniture she had bought at the sale of the effects of the Hotel de France. After going to the house, she asked him to get a ball of twine and sew up a mattress for her. Whilst so employed, she became enraged at him, and applied an opprobrious epithet to him, to which he replied, whereupon, she drew a knife and stabbed him in the groin and in the arm. The wound in the groin is pronounced by the attending physician, Dr. Hunter, dangerous. The woman was promptly arrested, and is now in custody. Fanny Mitchell will be recollected as the person at whose house a soldier was killed a few months since, and this circumstance taken in connection with the murderous assault of yesterday, occasioned quite an excitement.—*Mountaineer.*

A NEW PROJECT FOR AN ATLANTIC TELEGRAPH.—The Paris *Moniteur* publishes the following notification: An international conference has just been opened in Paris, at the Ministry of Foreign Affairs, for the purpose of examining a project for a telegraphic line intended to connect Europe with the American continent. It is proposed that the submarine cable shall cross the ocean from the Cape Verd Islands to Brazil, and be continued thence by the West India Islands to North America. The Powers most immediately interested in the success of this undertaking have promptly given in their adhesion to the views of the Emperor's Government.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to June 20th.

WASHINGTON, June 20th.—In the fight between our cavalry and Fitzhugh Lee's division, on the 17th, the rebels were driven back five miles. Our wounded arrived at Fairfax Station last night.

The boat this morning brought a number of stragglers from Stafford Court House, who left there on Wednesday, at which time no rebels were known to be in that vicinity.

Our cavalry engaged in the fight at Aldie, were under command of Col. Kilpatrick; the rebel cavalry was composed of a portion of Fitzhugh Lee's brigade. The rebel force of cavalry and mounted infantry went in the direction of Snicker's Gap, and reached Aldie two hours before our forces arrived at that point. The rebels getting warning of Kilpatrick's approach, posted themselves in commanding positions, with mounted sharp-shooters. A division charged the rebels and drove them through the town. The rebels made a stand on the other side of the town. Here desperate charges were made on each side alternately and the fight waged furiously for several hours, with varying success, the rebels gaining some advantage, when reinforcements came up, which turned the fight in our favor. The rebels were routed and fell back to Gen. Stewart's cavalry who, it is said by prisoners, were advancing through Aldie with a view of making a new raid.

This reconnoissance gives us the location of Lee's and Ewell's forces. From other sources it is ascertained that Longstreet was, on Wednesday, in Loudon county, in Bull Run valley. It is said that Hill's advance guard (Hampton's Legion) was advancing on Dumfries, and one regiment was already at Stafford Court House. Combining these facts, officers draw conclusions that Lee is advancing on the Army of Potomac in three columns: The right, under by way of Occoquan and Wolf rivers; the centre, under Ewell, by the way of Thoroughfare Gap, and the left, under Longstreet, by the way of Leesburg. General Hooker has made such a disposition of his army that no surprise can take place.

PHILADELPHIA, June 20.—News by the Frederick train to Baltimore this morning is to the effect that rebel pickets are on the road as far east as Boonsboro.

Hagerstown seems to be permanently occupied by 20,000 North Carolina troops under Rhodes.

Jenkins' force has returned to Pennsylvania, bringing with them large numbers of horses and mules and a few cattle. Every effort has been made to make stealing as little offensive as possible to people of Maryland. It is said at Hagerstown that this policy is dictated by hope of getting recruits in Maryland.

MCCONNELLSBURG, Pa., June 19.—A detachment of Jenkin's mounted infantry entered this place this morning. The rebels opened all the stores and helped themselves to everything they could carry off. The town was taken by surprise; no one could escape, and many of the citizens fell into rebel hands. The rebels drove away about $12,000 worth of cattle. One rebel, while trying to capture a horse, was shot—shooter unknown. His company threatened to burn the town but did not do it.

MURFREESBORO, June 19.—Gen. Forrest is reported to be dying from a wound received at Spring Hill a few days ago.

WASHINGTON, June 20.—The Navy Department has received from Admiral Dupont, particulars of the destruction of Bufton.

CHICAGO, June 20.—Richmond dispatches says that Vallandigham was at Wilmington N. C., on his way to Nassau.

MEMPHIS, June 19, *via* CAIRO, June 20.—The steamer *Imperial* brings official dates to the 15th. On Sunday our army opened a vigorous fire, both artillery and musketry, along the whole line, and kept it up most of the day. At night it was furious, but without much effect. They had placed two mortars out of reach of our guns and sharpshooters, from which they fired one hundred shells at our troops, but only wounded two or three men.

NEW YORK, June 19.—Sterling dull—156, 157. Gold quiet 41½, 44½.

The *Herald's* Washington despatch of recent date says: From rebel sources the following is learned. We don't know what value may be attached to it, but it may be compared with what sympathizers have mistrustingly whispered from time to time for a week past: Lee's army, numbering 96,000 men, has been divided into three parts. The first started six days ago from Gordonsville for Parkersburg, Va. The second left Culpepper Court House, to proceed by way of Grafton to Wheeling and Pittsburg, with instructions, after occupying the latter place, to unite with the first and proceed through Ohio to Kentucky. The third was to proceed by way of Winchester and Harper's Ferry into Maryland and Pennsylvania, towards Harrisburg or Baltimore, with a view to make a diversion to occupy the Federal army of the East. This last division of the rebel army is composed very largely of cavalry and artillery. Richmond for the present is abandoned, with the expectation that conscripts and new levies will be brought there in sufficient numbers to garrison the defenses. It is expected that a force of from 20,000 to 30,000 rebel sympathizers will be in readiness in Maryland to cooperate with the rebel column.

POINT DE SOTO, (opposite Vicksburg) June 10.—By the arrival of the *Switzerland* from the mouth of the Red river, we learn of the destruction of Lewisport, on the Atchafalaya, on the 4th. A reconnoissance on the 2d, by the *Switzerland*, discovered a battery of 6 field pieces and a regiment of infantry holding the shore. The *Switzerland* engaging them, was struck several times and was somewhat damaged. Next day the damages were repaired, and with the *Pittsburg* and *Lafayette*, she silenced the battery and burned the town and commissary stores. The river is clear between Vicksburg and Port Hudson.

HEADQUARTERS, WALNUT HILLS, VICKSBURG, June 12.—Information received credits Loring as at Jackson with 5,000 men; Walker at Yazoo City, with 5,000; and Johnston at Clinton with 15,000. Grant holds all the fords on the Big Black river, which must be crossed by Johnston and Loring in order to mass their troops for an attack on our rear. The rebel cavalry is continually scouting outside of Grant's lines. Much sickness is said to prevail in Vicksburg. The citizens desire its capitulation, which Pemberton absolutely refuses.

JEFFERSON CITY, Mo., June 16.—Resolutions were offered in the State Convention yesterday, that it is expedient that an ordinance be passed by the Convention providing first, for the emancipation of all slaves in the State on the first of January next; second, for the perpetual prohibition of slavery in the State after that date; third, for a system of apprenticeship for the slaves so emancipated for such period as may be sufficient to avoid any serious inconvenience to interests connected with slave labor and to prepare the emancipated blacks for complete freedom.

S. M. Breckinridge, of St. Louis, introduced an act providing for the emancipation of all slaves after the first of July next, and apprenticing their minor children until 1876.

Scrofula Cured.

NEW ALBANY, Ind., September 25, 1859.

MESSRS. A. L. SCOVILL & CO.—Gents: In answer to your inquiries about the cure of my son, I will say that he is now ten years old, and has been SCROFULOUS FROM INFANCY, although under the care of one best physicians, who said that he could not cure him. In the first place the disease made its appearance in small knots upon the glands of the neck, and finally they ulcerated and formed running sores, which reduced him almost to a skeleton. He lost his appetite, and would have given up, and thought that he could not be cured. I got DR. MOTT'S LIVER PILLS, following the directions. He had used them but a short time before he was greatly relieved, and now is entirely well.

Yours truly, ROBERT STILL.

TREATY

Between the United States of America and the Nez Perce Indians, concluded at the Council Ground in the valley of the Lapwai June 9th, 1863

Articles of agreement made and concluded at the Council Ground in the valley of the Lapwai W. T., June 9th 1863, between the United States [illegible] C. H. Hale Superintendent of Indian Affairs, and Charles Hutchins [illegible] S. D. Howe [illegible] Indian Agents for the Territory of Washington, acting on the part and behalf of the United States, and the Nez Perce Indians by the chiefs, head men and delegates of said tribe, such articles being supplementary and amendatory to the treaty made between the United States and said tribe on the 11th day of June [illegible]

ARTICLE 1. The said Nez Perce tribe agree to relinquish and hereby do relinquish to the United States the land heretofore reserved for the use and occupation of the said tribe, saving and excepting so much thereof as is described in article 2d for the new Reservation.

ART. 2. The United States agree to reserve for a home and for the sole use and occupation of said tribe the tract of land included within the following boundaries, to wit: Commencing at the north east corner of the lake Wahat-wap; running thence [illegible] to a point on the [illegible] bank of the Clearwater river [illegible] three miles below the mouth of the Lapwai; thence down the north bank of Clearwater river to the mouth of Hatwai creek; thence due north to a point seven miles distant; thence eastwardly to a point on the North Fork of Clearwater seven miles distant from its mouth; thence to a point on Oro Fino creek five miles above its mouth; thence to a point on the North Fork of the South Fork of Clearwater five miles above its mouth; thence to a point on the South Fork of Clearwater, one mile above the bridge on the road leading to Elk City (so as to include all the Indian farms now within the Forks,) thence in a straight line westwardly to the place of beginning. All of which tract shall be set apart, and the above described boundaries shall be surveyed and marked out for the exclusive use and benefit of said tribe, as an Indian Reservation; nor shall any white man, except those in the employment of the Indian Department be permitted to reside upon the said Reservation, without permission of the tribe and the Superintendent and Agent; and the said tribe agrees that so soon after the United States shall make the necessary provision for fulfilling the stipulations of this instrument as they can conveniently arrange their affairs, and not to exceed one year from its ratification, they will vacate the country hereby relinquished, and remove to and settle upon the lands herein reserved for them (except as may be hereinafter provided). In the meantime it shall be lawful for them to reside upon any ground now occupied or under cultivation by said Indians at this time, and not included in the Reservation above named. And it is provided that any substantial improvement, heretofore made by any Indian, such as fields enclosed and cultivated, or houses erected upon the lands hereby relinquished, and which he may be compelled to abandon in consequence of this treaty, shall be valued under the direction of the President of the United States, and payment thereof shall be made in stock or in improvements of an equal value for said Indian, upon the lot which may be assigned to him within the bounds of the Reservation, as he may choose, and no Indian will be required to abandon the improvements aforesaid, now occupied by him, until said payment or improvements shall have been made. And it is further provided that if any Indian living on any of the land hereby relinquished, should prefer to sell his improvements to any white man, being a loyal citizen of the United States, prior to the same being valued as aforesaid, he shall be allowed so to do, but the sale or transfer of said improvements shall be made in the presence of, and with the consent and approval of the Agent or Superintendent, by whom a certificate of sale shall be issued to the party purchasing, which shall set forth the amount of the consideration in kind. Before the issue of said certificate, the Agent or Superintendent shall be satisfied that a valuable consideration is paid, and that the party purchasing is of *undoubted* loyalty to the United States Government. No settlement or claim made upon the improved lands of any Indian will be permitted, except as herein provided, prior to the time specified for their removal. Any sale or transfer thus made, shall be in the stead of payment for improvement from the United States.

ART. 3. The President shall, immediately after the ratification of this treaty, cause the boundary lines to be surveyed, and properly marked and established, after which so much of the lands hereby reserved as may be suitable for cultivation, shall be surveyed into lots of 20 acres each, and every male person of the tribe, who shall have attained the age of 21 years, or is the head of a family, shall have the privilege of locating upon one lot as a permanent home for such person, and the lands so surveyed shall be allotted under such rules and regulations as the President shall prescribe, having such reference to their settlement as may secure adjoining each other the location of the different families pertaining to each band, so far as the same may be practicable.— Such rules and regulations shall be prescribed by the President, or under his direction, as will insure to the family, in case of the death of the head thereof, the possession and enjoyment of such permanent home, and the improvements thereon. When the assignments as above, shall have been completed, certificates shall be issued by the Commissioner of Indian Affairs, or under his direction, for the tracts assigned in severalty, specifying the names of the individuals to whom they have been assigned respectively, and that said tracts are set apart for the perpetual and exclusive use and benefit of such assignees and their heirs. Until otherwise provided by law, such tracts shall be exempt from levy, taxation or sale and shall be alienable in fee, or leased, or otherwise disposed of, only to the United States or to persons then being members of the Nez Perce tribe, and of Indian blood, with the permission of the President, and under such regulations as the Secretary of the Interior or Commissioner of Indian Affairs shall prescribe. And if any such person or family shall, at any time, neglect or refuse to occupy and till a portion of the land so assigned, and on which they have located, or shall rove from place to place, the President may cancel the assignment, and may also withhold from such person or family their proportion of the annuities, or other payment due them until they shall have returned to such permanent home, and resumed the pursuits of industry, and in default of their return the tract may be declared abandoned, and thereafter assigned to some other person or family of such tribe. The residue of the land hereby reserved shall be held in common pasturage for the sole use and benefit of the Indians: provided however, that from time to time as members of the tribe may come upon the Reservation or may become of proper age, after the expiration of one year after the ratification of the treaty as aforesaid and claim the privileges granted under this article lots may be assigned from the lands thus held in common, wherever the same may be suitable for cultivation. No State or Territorial Legislature shall remove the restriction herein provided for without the consent of Congress, and no State or Territorial law to that end shall be deemed valid until the same has been specially submitted to Congress for its approval.

ART. 4. In consideration of the relinquishment herein made the United States agree to pay to the said tribe in addition to the annuities provided by the treaty of June 11th 1855 and the goods and provisions distributed to them at the time of signing this treaty, the sum of $262[illegible] in manner following, to wit:

First. One hundred and fifty thousand dollars to enable the Indians to remove and locate upon the Reservation to be expended in the plowing of land and the fencing of the several lots which may be assigned to those individual members of the tribe who will accept the same in accordance with the provisions of the preceding article, which said sum shall be divided into [illegible] installments as follows: for the first year after the ratification of this treaty $[illegible]; for the [illegible] year [illegible]; for the third year $[illegible]; and [illegible]

Second. [illegible] thousand dollars to be paid the first year after the ratification of this treaty in agricultural implements, to include wagons or carts, harness and cattle, sheep or other stock, as may be deemed most [illegible] by the Superintendent of Indian Affairs, or [illegible]

Third. Ten thousand dollars for the erection of a saw and a grist mill, to be located at Kamia, the same to be completed within one year after the ratification hereof.

Fourth. Fifty thousand dollars for the boarding and clothing of the children who shall attend the schools, in accordance with such rules or regulations as the Commissioner of Indian Affairs may prescribe, providing the schools and boarding houses with necessary furniture, the purchase of necessary wagons, teams, agricultural implements, tools, &c., for their use, and for the fencing of such lands as may be needed for gardening and farming purposes, for the use and benefit of the schools, to be expended as follows: The first year after the ratification of the treaty $6,000; for the next fourteen years [illegible]000 each year; and for the succeeding year, being the sixteenth and last instalment, $[illegible]000.

Fifth. A further sum of $[illegible] shall be paid within one year after the ratification hereof, to enable the Indians to build two churches, one of which is to be located at some suitable point on the Kamia and the other on the Lapwai.

ART. 5. The United States further agree that in addition to a head Chief the tribe shall elect two subordinate Chiefs, who shall assist him in the performance of his public services, and each subordinate Chief shall have the same amount of land allowed, and [illegible] house and necessary furniture, and [illegible] as provided for the head Chief in Art. 5th of the treaty of June 11th, 18[illegible] [illegible] be paid and the houses [illegible] during the same period and under the restrictions as therein mentioned. And for the purpose of enabling the Agent to erect the said buildings and to plow and fence the land as well as to procure the necessary furniture and to complete and furnish the house &c. of the head Chief as heretofore provided, there shall be appropriated, to be expended within the first year after the ratification hereof the sum of $2,500. And inasmuch as several of the provisions of said Art. 5th of the treaty of June 11th, 1855, pertaining to the erection of school houses, hospital, shops, necessary buildings for the employees and for the Agency, as well as providing the same with necessary furniture, tools, &c., have not yet been complied with, it is hereby stipulated that there shall be appropriated, to be expended for the purposes herein specified during the first year after the ratification hereof the following sums, to wit:

First. Ten thousand dollars for the erection of the two schools, including boarding houses and the necessary out buildings; said schools to be conducted on the manual labor system as far as practicable.

Second. Twelve hundred dollars for the erection of the hospital and providing the necessary furniture for the same.

Third. Two thousand dollars for the erection of a blacksmith's shop, to be located at Kamia, to aid in the completion of the smith's shop at the Agency, and to purchase the necessary tools, steel, &c., and to keep the same in repair and properly stocked with necessary tools and materials, there shall be appropriated thereafter, for the fifteen years next succeeding the sum of $[illegible] each year.

Fourth. Three thousand dollars for the erection of houses for employees, repairs of mills, shops &c., and providing necessary furniture, tools, and materials. For the same purpose, and to procure from year to year the necessary articles, that is to say, saw logs, nails, glass, hardware, &c., there shall be appropriated thereafter, for the twelve years next succeeding, the sum of two thousand dollars each year; and for the next three years, one thousand dollars each year.

And it is further agreed, that the United States shall employ, in addition to those already mentioned in Art. 5th of the treaty of June 11th, 1855, two matrons to take charge of the boarding schools, two assistant teachers, one farmer, one carpenter and two millers. All the expenditures and expenses contemplated in this treaty, and not otherwise provided for, shall be defrayed by the United States.

ART. 6. In consideration of the past services and faithfulness of the Indian Chief *Timothy*, it is agreed that the United States shall appropriate the sum of $600 to aid him in the erection of a house upon the lot of land which may be assigned to him in accordance with the third article of this treaty.

ART. 7. The United States further agree that the claims of certain members of the Nez Perce tribe against the Government, for services rendered, and for horses furnished by them to the Oregon Mounted Volunteers, as appears by certificates issued by W. H. Fauntleroy, A. R. Q. M. and Com. Oregon Volunteers, on the 6th of March, 1856, at Camp Cornelius, and amounting to $4,66[illegible], shall be paid to them in full *in gold coin*.

ART. 8. It is also understood that the aforesaid tribe do hereby renew their acknowledgments of dependence upon the Government of the United States, their promises of friendship and other pledges, as set forth in the 8th article of the treaty of June 11th, 1855, and further that all the provisions of said treaty, which are not abrogated, or specifically changed by any article herein contained, shall remain the same to all intents and purposes as formerly—the same obligations resting upon the United States, the same privileges continued to the Indians outside of the Reservation, and the same rights secured to the citizens of the United States as to right of way over the streams and over the roads which may run through said Reservation, as are therein set forth. But it is further provided that the United States is the only competent authority to declare and establish such necessary roads and highways, and that no other right is hereby intended to be granted to citizens of the United States than the right of way upon or over such roads as may thus be legally established; provided however that the road or roads now actually travelled shall in the mean time be taken and deemed as within the meaning of this Article, until otherwise enacted by Act of Congress or by authority of the Indian Department.— And the said tribe hereby consent that, upon the public roads which may run across the Reservation there may be established at such points as shall be necessary for public convenience hotels or stage-stands, of the number and necessity of which the Agent or Superintendent shall be the sole judge, who shall be competent to license the same with the privilege of using such amount of land for pasturage and other purposes connected with such establishment as the Agent or Superintendent shall deem necessary, it being understood that such lands for pasturage are to be enclosed, and the boundaries thereof described in the license.

And it is further understood and agreed, that all ferries and bridges within the Reservation shall be held and managed for the benefit of said tribe.— Such rules and regulations shall be made by the Commissioner of Indian Affairs as shall regulate the travel on the highways, the management of the ferries and bridges, the licensing of public houses and the leasing of lands, as herein provided, so that the rents, profits and issues thereof shall inure to the benefit of said tribe, and so that the persons thus licensed or necessarily employed in any of the above relations, shall be subject to the control of the Indian Department, and to the provisions of the Act of Congress "to regulate trade and intercourse with the Indian tribes, and to preserve peace on the frontier."

All timber within the bounds of the Reservation, is exclusively the property of the tribe, excepting that the United States Government shall be permitted to use thereof for any purpose connected with its affairs, either in carrying out any of the provisions of this treaty, or in the maintaining of its necessary forts or garrisons.

The United States also agree to reserve all springs or fountains not adjacent to, or directly connected with the streams or rivers within the lands hereby relinquished, and to keep back from settlement or entry so much of the surrounding lands as may be necessary to prevent the said springs or fountains being enclosed and further to preserve a perpetual right of way to and from the same, as watering places, for the use in common of both whites and Indians.

ART. 9. Inasmuch as the Indians in Council have expressed their desire that Robert Newell should have confirmed to him a piece of land lying between Snake and Clearwater rivers, the same having been given to him on the 9th day of June, 1861, and described in an instrument of writing bearing that date, and signed by several chiefs of the tribe. It is hereby agreed that the said Robert Newell shall receive from the United States a patent for the said tract of land.

ART. 10. This treaty shall be obligatory upon the contracting parties as soon as the same shall be ratified by the President and Senate of the United States.

In testimony whereof, the said C. H. Hale, Superintendent of Indian Affairs, and Charles Hutchins and S. D. Howe, United States Indian Agents in the Territory of Washington, and the Chiefs, Headmen and Delegates of the aforesaid Nez Perce tribe of Indians, have hereunto set their hands and seals at the place and on the day and year hereinbefore written.

PITTSBURG, PA., May [illegible] 185[illegible]

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. [illegible] If they will cure others as they do me, the fact is worth knowing.

Yours with great respect,
ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 185[illegible]

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. [illegible] I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours,

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

From a Forwarding Merchant of St. Louis, [illegible]

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

[illegible] Jan. 6, 185[illegible]

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, [illegible] ROUGE, LA., 5 Dec., 185[illegible]

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring [illegible] purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the *Cherry Pectoral* saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
